What currency current accounts are available?

We offer two types of currency current accounts:

- Euro Account specifically designed for Euro
- Foreign Currency Account available in selected major foreign currencies.

What are the benefits of opening a currency current account?

It may help you avoid a potential exchange rate loss because our currency current accounts allow deposits in most currencies.

Free automatic transfer facility can be put in place between Barclays accounts upon request.

How do I open a currency current account?

- To open an account you'll need to call (0345 975 7575) or pop into your local Barclays branch
- You must be aged at least 18 years old and will need a Barclays sterling current account (Please note: Barclays Basic Current Account Holders are not eligible to open a currency account).

How do I pay money into my euro Account or Foreign Currency Account

Payments from within the UK:

- You can transfer funds from a Sterling account or from a currency account

- You can only directly deposit foreign bank notes in the following currencies into a currency current account:

- | | |
|----------------------|-----------------------|
| – Australian Dollars | – New Zealand Dollars |
| – Canadian Dollars | – Norwegian Kroner |
| – Danish Kroner | – South African Rand |
| – Euros | – Swedish Kroner |
| – Hong Kong Dollars | – Swiss Francs |
| – Japanese Yen | – US Dollars |

- You can deposit a cheque denominated in euro or other currencies from another bank account.

Notes and cheques can be deposited in euro or other currencies. Please refer to Our Bank Charges Explained section for further information.

Note: Cheques drawn on a UK Bank in Sterling (or Sterling cash) should be paid into a Sterling account.

All funds credited to your account are subject to recourse, which means we may debit your account for the value of the cheque should we subsequently be advised the cheque was fraudulent. If the currency of the cheque is different to that of your account we will use the current Foreign Exchange Rate at the time and therefore the amount we debit will not match the amount we paid into your account.

Payments from outside the UK:

- Inter-bank transfers. This is a way of receiving money into your currency current account from outside the UK by giving the sender your full banking details. Instructions can be made for the money to be paid directly into your currency current account. This payment order will have a value date¹ on which your account will be credited with the cleared funds. You can draw immediately against these funds on the value date.

Currency Cheques

If you deposit a cheque drawn in a foreign currency on an account outside the UK, we will need to negotiate or collect it as a foreign cheque.

How do I make withdrawals and payments from my Euro account and Foreign Currency Account?

In the UK you can make payments and withdrawals in a number of ways. These include:

- Issuing cheques – by writing a cheque in a foreign currency payable to third parties drawn on your currency current account
- You can transfer funds from your Euro account or your foreign currency account to a Barclays sterling current account or a foreign currency account in the same name free of charge.

Additional information

Scheme responsible for the protection of your eligible deposit

Your eligible deposit is covered by a statutory Deposit Guarantee Scheme. If insolvency of your bank, building society or credit union should occur, your eligible deposits would be repaid up to £85,000 by the Deposit Guarantee Scheme.

General limit of protection

If a covered deposit is unavailable because a bank, building society or credit union is unable to meet its financial obligations, depositors are repaid by a Deposit Guarantee Scheme. This repayment covers at maximum £85,000 per bank, building society or credit union. This means that all eligible deposits at the same bank, building society or

credit union are added up in order to determine the coverage level. If, for instance, a depositor holds a savings account with £80,000 and a current account with £20,000, he or she will only be repaid £85,000.

This method will also be applied if a bank, building society or credit union operates under different trading names. Barclays Bank UK PLC also trades under Barclays, Barclays Business Banking, Barclays Premier Banking and Barclays Wealth Management. This means that all eligible deposits with one or more of these trading names are in total covered up to £85,000.

In some cases eligible deposits which are categorised as “temporary high balances” are protected above £85,000 for six months after the amount has been credited or from the moment when such eligible deposits become legally

transferable. These are eligible deposits connected with certain events including:

- (a) certain transactions relating to the depositor's current or prospective only or main residence or dwelling;
- (b) a death, or the depositor's marriage or civil partnership, divorce, retirement, dismissal, redundancy or invalidity;
- (c) the payment to the depositor of insurance benefits or compensation for criminal injuries or wrongful conviction.

More information can be obtained under www.fscs.org.uk

Limit of protection for joint accounts

In case of joint accounts, the limit of £85,000 applies to each depositor. However, eligible deposits in an account to which two or more persons are entitled as members of a business partnership, association or grouping of a similar nature, without legal personality, are aggregated and treated as if made by a single depositor for the purpose of calculating the limit of £85,000.

Reimbursement

The responsible Deposit Guarantee Scheme is the Financial Services Compensation Scheme, 10th Floor Beaufort House, 15 St Botolph Street, London EC3A 7QU, Tel: 0800 678 1100[^] or 020 7741 4100[^], email: ICT@fscs.org.uk. It will repay your eligible deposits (up to £85,000) within 20 working days until 31 December 2018; within 15 working days from 1 January 2019 until 31 December 2020; within ten working days from 1 January 2021 to 31 December 2023; and within seven working days from 1 January 2024 onwards, save where specific exceptions apply.

Where the FSCS cannot make the repayable amount available within seven working days, it will, from 1 June 2016 until 31 December 2023, ensure that you have access to an appropriate amount of your covered deposits to cover the cost of living (in the case of a depositor which is an individual) or to cover necessary business expenses or operating costs (in the case of a depositor which is not an individual or a large company) within five working days of a request.

If you have not been repaid within these deadlines, you should contact the Deposit Guarantee Scheme since the time to claim reimbursement may be barred after a certain time limit. Further information can be obtained under www.fscs.org.uk

Other important information

In general, all retail depositors and businesses are covered by Deposit Guarantee Schemes. Exceptions for certain deposits are stated on the website of the responsible Deposit Guarantee Scheme. Your bank, building society or credit union will also inform you of any exclusions from protection which may apply. If deposits are eligible, the bank, building society or credit union shall also confirm this on the statement of account.

Financial Services Compensation Scheme Exclusions List

A deposit is excluded from protection if:

(1) The holder and any beneficial owner of the deposit have never been identified in accordance with money laundering requirements. For further information, contact your bank, building society or credit union.

(2) The deposit arises out of transactions in connection with which there has been a criminal conviction for money laundering.
