

How to pay someone you've paid before in the Barclays app

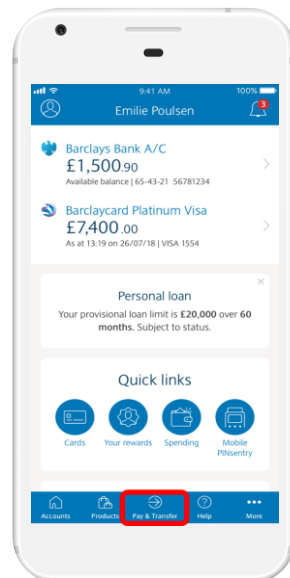

The Barclays app is a secure way to access your accounts 24 hours a day.

- With the app, you can
- Pay people and check your balance
- Change your cash machine limit, view your PIN and freeze your card
- Earn cashback and rewards, and see them tally up.
-

Here's how to manage your money by making a payment someone you've paid before.

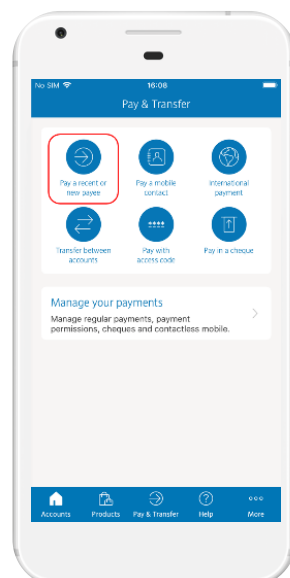

Step 1

Tap 'Pay & Transfer' from your app homepage.

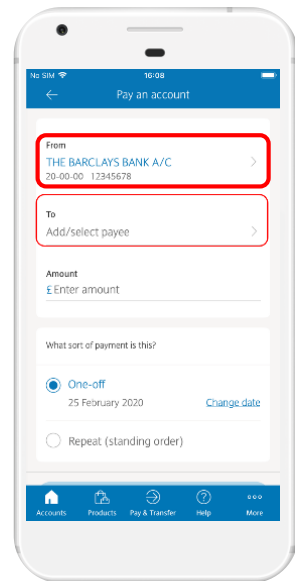

Step 2

Tap 'Pay a recent or new payee'.

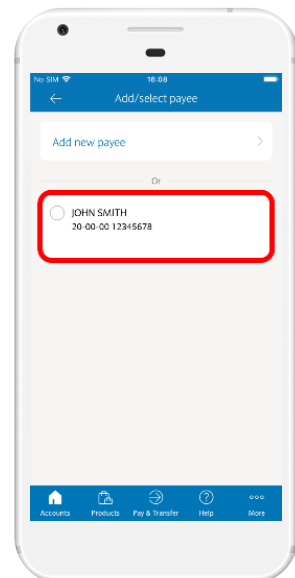

Step 3

Tap 'From' and select the account you want to pay from.

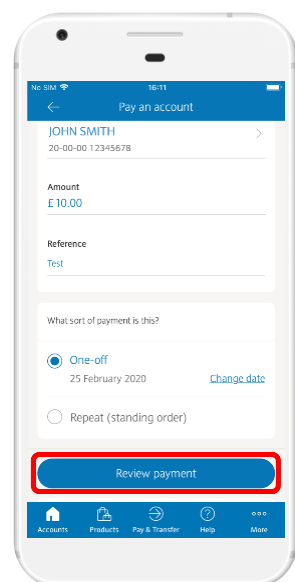

Step 4

Tap 'To' and select who you want to pay from your list of existing payees.

Step 5

Type in the amount you want to send. You can also type in a reference to help the person being paid know what the payment is for. This could be an invoice number or just something simple like 'birthday money'.

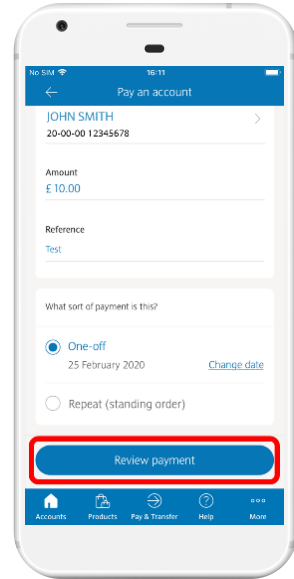

Step 6

By default, this is a one-off payment that'll be made as soon as possible, but you can choose to make it on a later date.

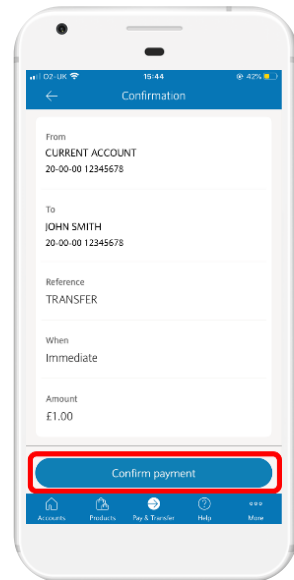

You can also choose to make this a repeat payment (a standing order) that's made on a regular basis.

Whichever option you choose, tap 'Review payment' when you're ready to continue.

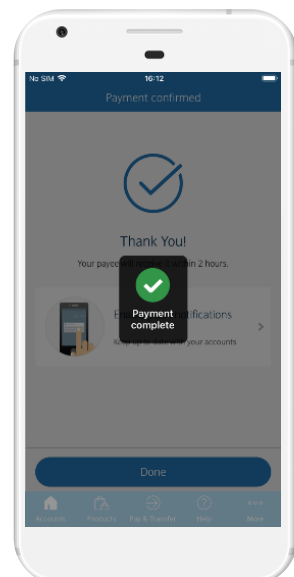

Step 7

Check the payment details carefully on this screen. If they're correct, tap 'Confirm payment' to finish.

Step 8

Your payment is now complete.

The Barclays app works with iOS 9.3 or later on Apple iPhone, iPod Touch and iPad, or Android 5.0 or later.

Terms and conditions apply. You must have a current account with us, be aged 16 or over and have a mobile phone number to use the Barclays app

Call monitoring and charges information

* Calls may be monitored or recorded for quality and training purposes. Calls to 0800 numbers are free if made from a UK landline or personal mobile. Calls to 03 numbers are charged at the same rate as calls to 01 and 02 landlines, and will count towards any inclusive minutes you have covering calls to landline numbers. Charges may apply when calling from abroad.
